**National Progressive Ticket.**

FOR PRESIDENT,  
Theodore Roosevelt,  
Of New York.

It appears that four or five people of Roy held a meeting, (secretly) Monday night and fixed up a New County matter to suit themselves. We think the movement was somewhat out of order.

If four or five individuals are going to outline the program in order to get a new county, we will never get a new county. Every one interested has a right to be present instead of just a few favored ones?

If, for mercenary reasons, the above course is pursued it is indeed a step backward from three years ago. Why were all the people not advised?

The Legislature will meet next January and when the proper time and favorable conditions arrive, we will publish a call for a public meeting where the rank-and-file will have something to say and if any one is present who would help the cause most by staying away, we would suggest kindly telling them so. We believe in progressiveness and certainly lay grounds for instituting progressive methods in the conduct of a New County campaign.

No doubt the progressive sentiment is stronger in eastern Mora County than in any other Community in New Mexico. Other parts of Mora County are lining up and all told present a formidable stumbling block to the success of either the Democrats or Regular Republican ticket at the fall election.

"Those who can,  
DO,  
Those who can't  
Critique."

—Santa Fe New Mexican.

The day has passed in New Mexico, when a few men can go into a secret caucus, fix up their slates, pass out their political edict and have them obeyed without objection, whether the people like it or not.

All over the country the voter is becoming independent of political bosses, and there never was a time in our country's history when party ties were less binding and party obligations less onerous than they are now.

E. J. H. Roy, T. J. Cress of Mills and D. M. Talbot, of Solano, started on the job of laying out the new road paralleling the E. P. & S. W. Ry. track Thursday. F. M. Hughes is driving the route for them in his auto. They completed the survey from Mosquero to Roy in one day.

Mr. Lorenzo Lujan and family of Mineral, Oklahoma, is visiting friends here.

S. Floorshiem is in Mosquero receiving wool from his friends in that region and saying them the long haul to Roy.

**Public Forum**

(All communications must bear the signature of the writer, but the name will not be published where such request is made. Publication of communication does not mean indorsement of the same, but the columns of this paper are open to all who wish to express themselves on public matters of local interest, providing their expression does not violate good taste and the ethics of publicity.)

**LOCAL AND  
PERSONAL**

Dick Carson and wife were up from Solano Sunday to the ball game.

Miss Laura Whiteman was in from her home in Red River Tuesday and Wednesday.

Mr. Edd. Cantell did Business in town Wednesday night.

Alberto Branch orders his paper sent to Centennial Wyoming in the future.

G. Kitchell and H. West are sawing away at lumber on Mr. West's ranch in Pole Canyon.

Wheat cutting is still going on all over the mesa and the crop is showing up even better than was anticipated.

J. J. Lujan, of near Clayton Union, County, a prosperous ranchman and pioneer of New Mexico is visiting at the home of Doroteo Martinez at Carrizo and was in Roy for the first Thursday.

George Miller is the Junior "Devil" in this office. George has an ambition to be a printer and he is already giving evidence of talent in that line.

W. W. Day, of Mills was in town to attend the meeting of the I. O. O. F. lodge Wednesday night. He is in his usual optimistic mood and has a fine wheat crop to rejoice over.

A runaway Saturday caused excitement for a few minutes. A horse and buggy driven in by C. H. Hand got away and left town at a hurry up gait. No harm done.

W. H. Gutham claims to have the finest wheat on the mesa this season. Prof. Trumbull rubbed some of it and took it with him as a sample to show other localities and Mr. Gutham will try for a prize at the International Dry Farming Congress at Lethbridge Alberta this fall.

Granville, Kitchell is still sawing up logs at his mill in the canyon. He says it is so hot down in the canyon these days that he has to do all the outside work early in the morning and the change from the closed-in canyon to the open mesa is nothing short of marvelous.

Prof. Trumbull is again in this city and busy every minute on the job of getting the Federation of Farmer's clubs in running order and assisting in many other ways in getting farming here on a systematic and profitable basis.

Homestead lodge, I. O. O. F. installed officers at their meeting Wednesday evening. The following are the new officers:

J. L. Swain, N. G. J. Floor, shiem. V. G. O. H. Kerns, Sec. H. Goodman, Treas. Andy Hern, Taster, Representative to Grand Lodge and Installing officer.

The lodge is in flourishing condition and the prospects is good for a successful term.

**Mills Items**

W. H. Brown took the train for California Tuesday.

The farmers are all busy this week cutting their wheat.

Col. Reddie's two daughters came in last Friday from Penn. to visit their father.

Mrs. M. S. Berantz left Tuesday for Raton to visit her daughter.

The two Miracle boys came in to their ranches last week.

Mrs. P. J. Pickering and her mother stopped in Mills a while on their way home to Roy from Springer.

Mr. and Mrs. De Force returned to their ranch this week.

Some of the boys of Mills held a dance Friday night, report a fine time. (Any girls present?)

The road commissioners were here this week.

Mr. Flohman was in town on Wednesday.

A young lady just returned from boarding school upon being asked by "dad" how she stood in grammar at the end of the term came back with something like this: "Say, dad, take it from me, grammar was my long suit. On the start off I was up against it hard. Couldn't get it through my noodle. Fell down every time I went to class. Finally I says to myself, look here, old kid, it's up to you. You've got to cut that funny business and take a brace or you'll see your finish, the surest thing you know. Well, I studied, believe me, and when it came to final exams did I lose out? Not on your life. I was right there with the bells on. There was certainly some class to the way I answered those quizzes. I had a mark of 95 when it was all over. Not worse, eh? Can you beat it? How I did it I don't know. You can search me. But anyhow its going some, eh dad? None o' 'em get anything on me when it comes to grammar, that's a cinch."

Mmes, Seyerino and Doroteo Martinez, of the Carrizo, were in Roy Wednesday to meet Mrs. Epimeno Martinez, of Wagon Mound. There is to a family reunion of the Martinez family at Carrizo and they are gathering in for the event from far and near.

Mrs. Adell Bushkevitz is one of the fortunate ones outside the family who is favored with an invitation on account of friendship of pioneer days.

Mr. J. Taylor, who recently located on a claim out in the Kansas Valley has drilled himself a well. He got a little old churn drill and rigged a "Jerk rope" to a hind wheel of his auto, drilled 35 feet in clay and sand and has plenty of water of a fine quality. It takes a genius to do things like that but it helps some to be lucky and Mr. Taylor is both.

Antonio Mescarenes, was in Roy Thursday.

Mr. King, the R. R. Contractor is to be seen here occasionally again. He is now in charge of the fence building crews on this line.

**FOR SALE**

One ranch 160 acres in the T. B. Rincon; all under fence, good well, one room adobe house, all good farming land. Will sell cheap
